PRESIDENTS MESSAGE

Happy October

Many things come to mind when you think about October, cool nights with beautiful clear skies, bon fires, and counting the demijohns of wine. Ensure you take some nice brisk walks this fall to stay healthy.

Your new board had its second meeting and let me say that there is a lot of work in front of us. From doing as good if not better in all aspects of what we do. There are a few challenges that we will be discussing over the next few meetings, but I know as a group we can overcome them.

For those of you that did not have a chance to make it to the Roman fest, let me tell you that it was a huge success. Hats off to Ermanna and the Roman Festival committee. Expect more from this group as they are passionate.

Enjoy the early fall and don't have to many Halloween candies.

Claudio Silvaggi, President

MEMBERSHIP

Membership Drive.

You are invited to bring a potential new member that qualifies for membership to our dinner meeting at no cost. This is for a trial period.

Condition is that they have never been to CIBPA meeting or that they are submitting an application for membership at that meeting.

I have a challenge to double our membership and feel very strongly if you are Italian and in business or are a professional you have to be a member. So please help me and go out of your way to encourage our friends to join.

Don't forget our future for CIBPA is our future generation so invite our young Italians students men and woman to join our club.

Thank you

Frank Mocerì, Membership Chair

GUEST SPEAKER

Guest speaker is **Dr. Craig Campagna**

Craig was born and raised in Windsor, Ontario and am proud to say that that my parents were first generation immigrants from Italy and Lebanon. All of his schooling was completed in Windsor Ontario. After graduating from Villanova High school in 2004, he enrolled at the University of Windsor in Kinesiology because of his love for working out and wanting to further understand how the human body functions.

He sought admission to the Medical Program as soon as he could and became involved in student leadership on campus. He was accepted to the Inaugural class of the Windsor Campus in 2008. He chose to remain in Windsor because he knew that the clinical experience here was superior to most other places and he could be part of something new. The fact that he could live at home was an added bonus.

Currently Craig is working on his 2-year family medicine residency with the hopes of doing an extra year in Emergency medicine. Craig spends his free time playing with his newborn daughter and weightlifting. In regards to long-term plans, his goal is to continue to strengthen his knowledge of medicine and pursue a career in emergency medicine. From a personal perspective, he have recently purchased a home in LaSalle and plans on raising his family here.

Angelo Martinello,
Guest Speaker Chair
